

# AT-XC

AT-XC SHORT ACTION 6.5 CREEDMOOR / .308 WIN COMPETITION RIFLE

**The next generation Accuracy International high performance, low profile AT-XC rifle features cross-platform enhancements to match the demands of sporting communities worldwide.**

#### **Victory in the balance**

With a cut-rifled barrel manufactured by AI in the UK and central point of balance delivering linear recoil, no muzzle jump and rapid setup, the AT-XC is a rigid and reliable platform for accuracy at speed.

#### **AI quality without compromise**

The AT-XC Comp/Pro model comes complete with all the accessories configured for the perfect Factory Div rifle. AI accuracy, repeatability and reliability naturally come as standard.

#### **Low profile, High performance**

The non-bonded barrelled short action is bolted into a low profile chassis. The slick action builds trust and confidence in its capabilities.

**ACCURATE  
RUGGED  
RELIABLE**
